

Energize yourself at Energie Fitness Leighton Buzzard

"Here at Energie Leighton Buzzard we are passionate about all that we do" said owner Scott Wiseman, "we have a heavy focus on all of our members whether new or established particularly with our 6 week empower programme.

Perhaps the thing that is commented on most by members is the welcoming and friendly feel to the atmosphere within the club.

We cater for a wide range of people from complete novice exercisers to national level athletes all of whom exercise in harmony.

We are confident that once you see us first hand you will agree that we are the obvious club choice in terms of location, range and quality of facilities and for ongoing member care.

So please give us a call, book your free trial and see for yourself.
